| | | | | | |
| Total Units | 6 | | Total Units | 11 | |

GE Explorations do not have to be completed in a specific sequence, or in a specific semester, during the Nursing program.

****International Experience Requirement** - Nursing majors are required to participate in a passport experience. There are many international experience opportunities offered each semester, and it's highly recommended to plan as soon as possible. For more information about this requirement, please visit the College of Health & Human Services International Experience website, at <http://chhs.sdsu.edu/international>.
