<b>Total Units</b>	<b>11</b>		<b>Total Units</b>	<b>6</b>	

Students are encouraged to declare a Minor or dual Major to maintain full-time student status. This sample degree plan assumes all lower division GE's and American Institutions courses have been completed prior to enrolling at SDSU. It is also assumed students have completed PSY 101 and PSY 230 prior to transfer.

\*Courses denoted with an asterisk (\*) do not have to be completed in a specific sequence, or in a specific semester during the Nursing program.

\*\***International Experience Requirement** - Nursing majors are required to participate in 14-day passport experience. There are many international abroad opportunities offered each semester and it's highly recommended to plan as soon as possible. For more information about this requirement please visit the College of Health & Human Services International Experience website at <http://chhs.sdsu.edu/international>.
